

Transport *your heart*

for a bright future.

M E S S A G E

President

Hidekazu Yokoyama

The Nihon Tosho Yuso Co., Ltd. was established in 1961, and its business started from the transportation of publications. Then, we have developed as a logistics company in Japan with the keyword “Comprehensive

logistics service that connects people and the future.” today.

We will continue to contribute more to our clients and society as the best partner of logistics solutions with the knowledge we have experienced. To the end, we would like to ask for your continued support and patronage to help us serve all our clients.

P H I L O S O P H Y

Our theme is below.

「Safety」
「Security」
「Sincerity」

We believe that meeting our clients’ different demands by utilizing and further enhancing the trust and the technology we have experienced is our mission and role in society.

Security

We set strict safety standards not only for on-site work but also for transporting and storing important products of our customers, and we are thoroughly committed to all employees.

3S

Safety

We will provide you with the latest systems and technologies so that you can leave your goods and luggage with peace of mind.

Sincerity

We always offer sincere services to please our customers and to contribute to society.

Service

We adopt multilateral perspective and provide further varied solution services.

Logistics & Transport

LOGISTICS & TRANSPORT

- ▶ Packing and shipping
- ▶ 3PL service
- ▶ Musical instruments transport
- ▶ Artworks transport
- ▶ Exhibition venue setup
- ▶ Office relocation/moving
- ▶ Earthquake resistance work
- ▶ Storing

Centralized management on the system

Improve work efficiency and shorten lead time by controlling unitarily on our original logistics management system.

Optimal storage

Store and manage various items as our clients' demands.

Network with sincerity

Transport all the luggage wholeheartedly as a reliable logistics partner for our clients.

Thorough security control

Monitor constantly by surveillance cameras and manage accesses by ID authentication.

Logistics Solution

We analyze from a client's perspective and respond to various demands: optimization of distribution costs, specialization in core businesses, centralization of information, analysis and elimination of potential issues; we propose efficient, high quality, comprehensive logistics services.
